

# ALKON NEWS

**Trusted Performance** for pneumatic and hydraulic components designed for industrial and mobile application.

## Star Hydraulics Prepares for the 2025 International WorkBoat Show

The countdown is on! Star Hydraulics, an Alkon Corporation brand, is headed to **New Orleans for the International WorkBoat Show, December 3–5, 2025, at the Ernest N. Morial Convention Center.**

Visit us at **Booth #359** to see a range of marine-grade hydraulic solutions designed for reliability in the toughest conditions. Star will feature **custom stainless steel cylinders, TBJ units, pumps, and lift jacks** — each engineered for performance, corrosion resistance, and long-term durability.

The WorkBoat Show is the leading event for professionals in commercial marine, shipbuilding, and offshore industries. We're proud to showcase U.S.-made hydraulic solutions trusted by operators worldwide.

### THE FUTURE; UNDERWAY.
